Essence of Practice

- Three major fields of surgery which are Thoracic Cardiac & Vascular Surgery.
- Performed a variety of Thoracic surgery procedure (Trauma, Lung, Mediastinum, Trachea, Pleura and Esophagus) from open surgery until Video Assisted Thoracoscopic Surgery (VATS).
- Performed a variety of Cardiac surgery procedure (Adult and Congenital) such as Coronary Artery Bypass Grafting (CABG), Valve repair/replacement, Patent Ductus Arteriosus (PDA) Ligation, Atrial Septal Defect (ASD) Closure, Ventricular Spetal Defect (VSD) Closure, Tetralogy of Fallot (TOF) Repair
- Performed a variety of Vascular surgery procedure (Trauma, Congenital, Vascular Access, Bypass surgery). Including developing Endovascular surgery procedure from diagnostic and percutaneous intervention such are TEVAR and Percutaneous Transluminal Angioplasty (PTA).
- Highly deep interesting in Arrhythmia surgery, Ventricular Assist Device, Valve Surgery Repair, Endovascular surgery
